

Town of Moorcroft
Workshop
July 18, 2016

Town Council Present: Mayor Pro-tem Dick Claar, Councilmen Mathews, Claar, Glenn and Aloisio.
Absent: Mayor Sproul

Town Employees Present: Cheryl Schneider, Clerk/Treasurer
Absent: Cory Allison, Public Works Director

Discussion was had on the RV/Trailer park sewer and water fees. Concerns from RV park owners were stated and comments on what determines what a RV park verses a trailer park. The council would like to move in the direction that every lot will be charged a base rate and investment fee. There will be a second workshop on Monday, July 25th at 5:30 pm before the council meeting to discuss the issue further.

Discussion was had on the loader that is currently leased at the landfill and the offer that Case/Titan had proposed in which they would do maintenance, ie; oil change on the town's landfill loader for \$3916.93. This will be further discussed at the July 25th council meeting.

Del Atkinson, NEWEDC Director, discussed the Community Development Grant and the options the town would have if they applied. He stated that the town would need to decide what would need to be done at the Moorcroft Town Center before you can apply. The agency is now requiring a "match in hand" before the money can be awarded. \$25,000 would be required as a "match in hand" if \$1,000,000 and \$50,000 "match in hand" if \$2,000,000 would be awarded.

Dick Claar, Mayor Pro-tem
